CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Of all the numerous medicines extant, (and some of them valuable) for the cure of pulmonary complaints, nothing has ever been found which could compare in its effects with this Preparation. Others cure sometimes, but at all times and in all diseases of the lungs and throat where medicine can give relief, this will do it. It is pleasant to take, and perfectly safe in accordance with the directions. We do not advertise for the information of those who have tried it, but those who have not. [illegible] they are sure to be for the cure of the consequences of Coughs and [illegible] which neglected, ripen into fatal consumption.

The Diploma of the Massachusetts Institute was awarded to this preparation by the Board of Judges in September 1847; also, the Medals of the three great Institutes of Art in this country; also the Diploma of the Ohio Institute at Cincinnati, has been given to the Cherry Pectoral by their Government in consideration of its extraordinary excellence and usefulness in curing affections of the Lungs and Throat.

Read the following opinion founded on the long experience of the eminent Physician of the Port and City of

ST. JOHNS, May 8, 1851.

Dr. J. C. Ayer—
Five years trial of your CHERRY PECTORAL in my practice, has proven what I foresaw from its composition, must be true, that it eradicates and cures the colds and coughs to which we, in this section, are peculiarly liable.

I think its equal has not yet been discovered, nor do I know how a better remedy can be made for the distempers of the Throat and Lungs.

J. J. BURTON, M. D., F. R. S.

See what it has done on a wasted constitution, not only in the following cases, but a thousand more:
Sudbury, Jan. 24th, 1851.

Dr. Ayer—In the month of July last I was attacked by a violent Diarrhoea in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of climate and diet. My Diarrhoea ceased, but was followed by a severe cough—and much soreness. I finally started for home, but received no benefit from the voyage. My cough continued to grow worse, and when I arrived in New York, I was at once marked by my acquaintances as a victim of consumption. I must confess that I saw no sufficient reason to doubt what my friends all believed. At this time I commenced taking your truly invaluable medicine with little expectation of deriving any benefit from its use. You would not receive these lines did I not regard it my duty to state to the afflicted, through you, that my health, in the space of eight months, is fully restored. I attribute it to the use of your Cherry Pectoral.
Yours truly, WILLIAM W. SMITH.

Washington, Pa., April 12, 1848.

Dear Sir: Feeling that I have been spared from a premature grave, through your instrumentality by the providence of God, I will take the liberty to express to you my gratitude.

A cough and the alarming symptoms of Consumption had reduced me too low to leave me anything like hope, when my physician brought me a bottle of your "Pectoral." It seemed to afford immediate relief, and now in a few weeks time has restored me to sound health. If it will do for others what it has for me, you are certainly one of the benefactors of mankind.

Sincerely wishing you blessing, I am
Very respectfully yours,
JOHN J. CLARKE, Rector of St. Peter's Church.

With such assurances and from such men, no stronger proof can be adduced unless it be from its effects upon trial.

ZINC PAINTS,

WARRANTED PURE.
The New Jersey Zinc Co.,
WAREHOUSE 45 DEY STREET
NEW YORK,

ARE prepared to supply their Zinc Paints at the following prices:

No. 1, White, ground in oil, 9c per lb.
No. 2, White, ground in oil, 8c per lb.
No. 3, White, ground in oil, 7c per lb.
Brown and Black, ground in oil, 6c per lb.
Dry White of Zinc, 6c per lb.

WHITE ZINC PAINT.

After thorough tests in Europe and the United States, has been found to retain its beauty and protective qualities longer than any other paint.—For whiteness and brilliancy, it is unrivalled; it is free from all poisonous properties so common and dangerous in other paints, will cover, equal weight, from 40 to 100 per cent. more surface than lead, and is, therefore, much cheaper to the consumer. As an inside paint, it will not turn yellow, even when exposed to the sulphurous gases of coal fires or the foul air of ships. Their White Zinc ground in varnish produces the porcelain finish.

Brown and Black Zinc Paints

in a few hours form a hard and solid metallic coat ing upon wood, brick, iron and other metallic surfaces, and are remarkable for their fire-proof properties. They are specially adapted for marine purposes, having been found to resist the corroding action of salt water, so destructive to other paints.

Dealers supplied on liberal terms by

HERE IS YOUR REMEDY!
HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70, St. Mary's Street, Weymouth, dated May 15th, 1851.

To Professor HOLLOWAY,

Sir,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature.

WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS STANDING.

Copy of a Letter from Mr. Wm. Abbs, Builder of Gas Ovens, of Rushcliffe, near Huddersfield, dated May 31st, 1851.

To Professor HOLLOWAY,

Sir,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works, accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact.

WILLIAM ABBS.

The truth of this statement can be verified by Mr. W. P. England, Chemist, 13, Market street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Penshurst, Kent, dated December 13th, 1850.

To Professor HOLLOWAY,

Dear Sir,—My wife had suffered from bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

FREDERICK TURNER.

The Pills should be used conjointly with the Ointment in most of the following cases:

Dalley's Magical Pain Extractor.

It has been used by thousands with the most signal effect.

It has never in a single instance been known to fail.

It has been tried successfully in cases that baffled the skill of the most learned in the profession.

The profession knows it—men of eminence and candor admit it—the truly learned, honest, and philanthropic recommend, and speak well of it—the ignorant and narrow-minded repudiate it—and the selfish and dishonest, while they condemn the article under its proper name, reap benefit from its properties by clandestine application.

IMPORTANT TO
FARMERS AND TO OWNERS OF HORSES AND CATTLE.

VAST ADVANTAGE AND A REAL BLESSING.

Dalley's Animal Galvanic

IS claimed by its inventor, to possess properties, which—to the Farmer and Owner—and those having charge of Horses and Cattle, are of the utmost importance. This opinion is not a mere *ipse dixit* of the Proprietor, but based upon various and *faithful trials* and applications.

The great properties of Dalley's Animal Galvanic are few but positive.

Its prominent feature, and which no other article excepting Dalley's world renowned Pain Extractor possesses, is—TO CONQUER INFLAMATION.

Beware of Counterfeits. The Genuine can be obtained only of our advertised Agents. For sale by

Lesage's Specific,

A NEVER failing remedy for thoroughly eradicating diseases of the Urinary Organs, such as Gonnorrhea, Gleet, Whites, Strictures, Stone in the Bladder, &c., and needs but to be once used to be universally esteemed. The proprietor would respectfully caution those troubled with the above annoying complaints to beware of those cure-everything nostrums which unprincipled individuals, without the slightest knowledge of the structure of the human system, recommend for every disease. Lesage's Specific is only intended for the cure of Private Diseases, and the thousands that have sent their unsolicited certificates vouch for its efficacy, while the better it is known the greater is the demand for it. How different from the various quack nostrums which the unhappy patient has once used, in indiscriminately ever make trying again.—Lesage's Specific has been the remedy depended on by every class, the senator, the lawyer, the mechanic, the seaman, and the dashing young blade, all of them have found it truly the good Samaritan in the hour of trouble.

Dr. Darby annexes extracts from some of the certificates.

"U. S. Frigate Cumberland, 1851. I contracted a disease at Naples, and tried all the remedies suggested by the most experienced Surgeons without success. Lesage's Specific has restored to me the health I long despaired of.—J. W. W."

"Louisville, Ky.—I have much pleasure in stating that Lesage's Specific has cured me of a gleet of 22 months duration.—H. C. D."

"Bangor, Me.—After having used two bottles I found myself cured of an old standing complaint in six days, and shall not fail to recommend it. I know of any [illegible] G. W. Brown."

Sold by RALPH H. DARBY, Apothecary, No 91 Broad street, Boston. Price $1.00 per bottle; two bottles $1.75.

To all Officers, Non-Commissioned Officers, Musicians and Privates,

Who served in the Aroostook Expedition in 1839.

BY a late act of Congress, forty acres of Military Bounty Land, is granted, to each one of the above named troops who served one month, and to the Widows or heirs of those deceased. And the undersigned, having the Orders, Rolls, Records, and papers of that expedition in his custody, and all the facilities for procuring Bounty Land Warrants, tenders his services to those who served in that expedition in procuring their respective Land Warrants.

All persons who may please to call at the office of the subscriber, at Exeter Corner, can have their claims attended to, and in his absence by John L. Hodsdon, Esq., who has had much experience in this kind of business.

The subscriber will spend much of his time at the "Hatch House," kept by Paul Varney, Esq., in Bangor, and in his absence, a competent person to take their respective applications may be found by inquiry of the landlord of the House.

For the accommodation of those living at a distance, the subscriber will visit Lincoln, Oldtown, Dixmont, Dexter, Dover, Monroe, Belfast, Bucksport and Castine at an early period, and seasonable notice of his intended visit will be given.

All those applicants for Bounty Lands who still have their discharge from service, must produce it at the time of making their application. Any person living at a distance, who will forward his discharge to the subscriber, at Exeter, Me. can have his application prepared for his signature and forwarded to him by mail, to be sworn to and certified by the Clerk of the Courts.

All communications by mail will receive prompt attention.

The subscriber having devoted four months during the past summer to locating Military Bounty Land Warrants in the State of Wisconsin, and examining and selecting lots for future location, is prepared to locate numerous Warrants on some of the most valuable lands in that State, from his own personal examination, assisted by a practical Surveyor.

☞ There is a very general desire expressed by our citizens, that the edifice for the Central Congregational Free Church should be provided with an appropriate spire. It happens, too, that the plan of the building, as drawn by the architect has a fine spire. The plans have been once worked in the construction of a church in Chelsea, Mass, and we observed the fine appearance of the building a few days since. It is certainly, as we have previously said, very desirable that the beautiful spire on the plan should be erected. But this church is not a matter of stock in which those who furnish the money have a pecuniary interest. The money to pay for the building has all been given, and the pulpit is to be supplied by Rev. Prof. Shepard without charge. Now if twenty-five hundred dollars additional can be secured, then a graceful, heaven-pointing spire will be erected in our city and the general architectural appearance of our city be greatly improved.

We noticed, particularly a short time since, on taking a view of the city of Philadelphia from the top of Girard College, the low, flat, monotonous appearance presented from the absence of church spires. Quakerdom in its attention to the inner life has neglected in too great a degree external beauty. Yet there is something exceedingly rich in the ample space and shady walks of their church inclosures, all so plain, so quiet and in a crowded and rumbling city so desirable. We should like to see both ample space about a church, and a beautiful spire, but the absence of both will be doubly grievous.

Cannot friends enough be found to make the necessary contributions to place the tower and spire to the Central Church?

☞ According to the accounts in the Montreal papers of the great fire in that city, it appears that some ten thousand persons have been rendered houseless by this fire, most of whom were compelled to pass the first night in the open air. There were several cases of sun stroke during the days, the thermometer ranging up to 98d.; there were also some births in the fields, among the houseless ones. The Herald intimates that much blame is cast on the City Council, for not having a supply of water in readiness for such an emergency. The supply of water at the commencement of the fire is said to have been very short, and the flames were thus enabled to get great headway. One of the large water-tanks, at the Cote-a-Baron, was entirely empty, some alterations on it being in progress. At last accounts, the city authorities, and the military and civil officers of Government, were exerting themselves for the temporary accommodation of the sufferers. A Provisional Relief Committee had been raised, and a thousand pounds placed at their disposal, to afford immediate relief to the poor and suffering, 200 military tents had been pitched for the shelter of a portion of the families; the emigrant sheds, which were empty, had been opened by Government; and large private buildings had also been offered to the authorities for the temporary shelter of the poor, houseless families of the city; so that there is reason to anticipate that all will be provided for with the least possible delay.

A public meeting was held at Montreal on Saturday evening last, to consider the best means of relieving the sufferers by the fire. It was decided that an appeal to the benevolence of the citizens of that and other cities of the Province, of Great Britain, and of the United States, should be made by the city authorities. It was also voted to apply to the Executive Government of the Province for a loan to aid in the re-erection of buildings.

☞ Heavy charges of fraud, injustice and wrong were made last fall by leading locos and coalitionists against the Mayor and Aldermen of the city of Lowell, for their course in rejecting a wrong return of votes from one of the Wards in that city. The subject was also brought before the Courts of Massachusetts. An opinion has recently been given upon the subject by the Judges, in which it is stated that the Mayor and Aldermen "came to a correct conclusion, and were guilty of *no neglect, omission or violation of duty*."

The coalitionists of Massachusetts grasped the political power of that State two years since, and now hold it by similar charges to the one above mentioned, and set afloat purely for political party purposes. The truth is sometimes slow in coming, but is destined to come eventually, and to cover with shame and confusion those who have falsified it, and, what is worse in the case of the coalitionists in Massachusetts, will, before many months tip them from the places of power which they have obtained through corruption.

☞ It is expected that the concourse of Whigs which will gather at Niagara on the 27th, to celebrate the anniversary of the battle of Niagara, will be the largest assemblage ever convened together in the United States. Meetings have already been held throughout New York to appoint an unlimited number of delegates to attend, and arrangements have been made with the different steamboat companies and railroad lines to reduce their fare for the trip to so low a rate, that all classes may be present. New York, Pennsylvania and Ohio, and the Lake regions will probably be there in masses.

☞ The people of Portland are agitating the subject of erecting a large, splendid hotel with all the modern improvements. A correspondent of the Boston Traveller meanwhile speaks in such eloquent terms of the ability and fitness of Moses Woodard Esq., keeper of the United States Hotel in Portland, and mentions so many interesting facts regarding his success and the golden opinions he has won, that it is apparent Portland needs only a first class hotel and Woodard at the head of it, to stand first rate with the travelling community.

☞ It should be borne in mind that the College of Female Physicians, though located in Boston, is a New England Institution, and must be sustained by the aid of the few who understand the necessity of such an institution for the comfort and welfare of the community. The agent of this institution who is now soliciting funds in this city cannot expect and does not expect to find every one disposed to aid this cause, but she does hope that its friends will help sustain it, and that sufficient funds will be raised here to educate, at least, one pupil from this city.

☞ The Semi-Centennial celebration at Bowdoin College, will be celebrated Tuesday August 31, when an historical Address will be delivered by Nehemiah Cleaveland, Esq., before the Alumni in the forenoon, and in the afternoon an Oration by Hon. John S. Tenney.

Commencement Day, Wednesday, Sept. 1st. William H. Allen, LL. D., of Girard College, will deliver the Oration before the Φ. B. K. Society, Thursday, Sept. 2d. A Poem is also expected.

The Germania Band has been engaged, and will be present on the occasion.

☞ The New York Tribune, in replying to the Evening Post, holds that General Scott will carry New York by ten thousand majority, that he is sure of Pennsylvania, that his chances for Ohio are better than those of Pierce, that they are as good in Indiana—that Kentucky and N Carolina are sure beyond a doubt for Scott. It thinks he is "pretty sure" of Michigan and Wisconsin, tolerably so of Iowa, and almost "certain" of Louisiana, California, and New Jersey, &c.

☞ The Mayor and Aldermen of Boston, for some reason which we do not fully understand, have changed the title of the head of their city police from "City Marshal" to "Chief of Police," and have caused great dissatisfaction in appointing to that office Mr. Gilbert Nourse instead of Francis Tukey, who has won so much renown in the office of City Marshal, which he has held for several years past.

☞ A letter from Williamsburgh, Bourbon County, Ky., dated on Monday, states that two deaths of Cholera and four more cases had occurred there since the Monday previous. The disease had caused the greatest consternation, and the inhabitants of the town were deserting it.

The cholera has broken out at the mouth of Salt River. On Friday four cases occurred, of which two proved fatal.

☞ The St. Johns Courier gives the most gratifying account of the state of the crops in the Provinces. A large yield of potatoes is anticipated if the rot does not make its appearance.

Fine new potatoes have made their appearance at St. John, from seed planted the last part of April.

The fishing news from Newfoundland is very cheering, the catch having been abundant.

☞ The Washington correspondent of the New York Courier and Enquirer denies that there is any truth whatever in the story that Governor Campbell, of Tennessee, intends to oppose the nomination of Gen. Scott. Letters from him give a flat and unqualified contradiction of these rumors, and announce his intention to co-operate earnestly with that party, of which he has so long been an ornament and an honor.

☞ The steamship Governor proposes making a pleasure and fashionable excursion to Castine to-day, should the weather be agreeable, giving the excursionists an opportunity to remain at Castine an hour or two, to visit the Fort, and take a salt water bath, and then go on a fine sail among the islands, and return in the cool of the evening.

☞ Letters from Tennessee state that the whig ratification meeting in Memphis, was one of the largest and most enthusiastic ever held in the State.

☞ Twelve children died at sea on board the Swedish brig Swea, which arrived at New York on Sunday last, from Gottenburgh.

☞ New and nice potatoes have appeared in our market, and will soon be abundant.

☞ The Aetna, Protection and Hartford Insurance Companies lost about $135,000 by the fire in Montreal.

CONGRESS.

WASHINGTON, July 14.

The Senate commenced business at half past 12.

After petitions, none of which were of any importance, Mr. Hamlin reported back the bill directing the President to designate places for ports of entry and delivery in Oregon, and fixing the compensation of the Collector at Astoria. The bill was taken up, read a third time and passed.

Mr Bradbury reported a bill making it a penal offence for officers of the army to be concerned in contracts for supplying the army with provisions.

Mr Mason submitted a resolution, requesting the President of the United States to communicate to the Senate the correspondence of R. M. Walsh while acting as U. S. Commissioner at Hayti. Mr Mason said that the commercial relations between the United States and Hayti had become of considerable importance, and this correspondence would prove interesting. The resolution was adopted.

Mr Norris introduced a resolution amending the joint rules so as to require all the appropriation bills to be sent to the Senate at least two days before the time fixed for the adjournment of Congress.

The bill modifying the rates of postage was received from the House and referred.

The joint resolutions authorizing the Secretary of War to furnish the juvenile volunteers of Washington with suitable arms, was put on its passage. Mr Hale opposed its passage, thinking it an unwise procedure. He thought the military spirit of the country needed no encouragement. It was ripe enough; it had already elected one President, and was trying very hard to elect another. (Laughter.)

Mr Clemens said that he was at a loss yesterday to understand the Senator's objection to the bill, but the reason was now apparent. The Senator, as was well known, was the Free Soil candidate for the Presidency, and having no military capital to go on, he was desirous of crushing the spirit altogether. The resolution did not require muskets to be furnished, but left it to the Secretary to furnish. There were 20,000 old cavalry sabres that could not be put to better use than to give them to the youth, except, perhaps, to encourage that military spirit which was destined to defeat the political prospects of the Senator.—(Laughter.)

Mr Hale said he would not reply to the Senator's remarks, which went into matters which prevented him an opportunity of discussing.

Mr. Shields—Oh, yes, define your position.

Mr Hale—He would defer observations which he might make to some other opportunity, the Senate being very thin at present. But one thing he would say, that after the election the defeated party would not be at a loss to know the reason.

On motion of Mr Gwin, the Senate took up the bill providing for the survey of the public lands in California, the granting of donation privileges thereto, and for other purposes.

Mr Gwin offered a substitute for the bill, which was amended, and then adopted. The bill was then ordered to be engrossed.

On motion of Mr Mallory a bill for allowing exchanges and supplying deficiencies in grants of school lands in Alabama and Florida, was taken up and ordered to a third reading.

The joint resolution for the relief of the Spanish Consul and other Spanish subjects, for injury sustained by the violence of mobs at New Orleans and Key West in 1851, was passed.

The Senate then considered the bill relieving the West Feliciana railroad company of duties on railroad iron imported, under act of 1842, making such iron free of duty, but which iron was not laid upon the road within the time prescribed by said act.

Mr Dawson offered an amendment extending like aid to a Georgia Railroad Co. The amendment was adopted, and the bill was postponed until to-morrow.

The postage bill from the House was referred.

The Deficiency Bill was received from the House and referred to the finance committee.

After a short executive session, the Senate adjourned.

In the House. The House proceeded to consider the bill granting the right of way and land to Indiana and Illinois to aid in the construction of a railroad from Springfield to Terre Haute. Mr Davis of Indiana briefly advocated the bill.

Mr Jones of Tennessee moved to lay it upon the table. Disagreed to—yeas 78, nays 101.

The morning hour having expired, Mr McLanahan, from the Committee on Judiciary, reported back the Senate bill, fixing the number of representatives, and providing for the future apportionment under the Seventh Census. Referred to the Committee of the Whole on the State of the Union.

The Speaker announced the next question to be on laying upon the table the motion to reconsider the vote by which the House concurred in the Senate's amendment to the deficiency bill, giving additional compensation to the Collins line of steamers, which was decided affirmatively, yeas 93, nays 84.

Mr Germain, from the Committee on Printing, reported a bill to provide for the execution of the public printing, and establishing the prices thereon, and for other purposes, thus abolishing the contract system, and looking to the election of a printer.

Mr Stanley raised a question of order, to the effect that the prescribed duties of the committee on printing did not authorize them to make this report.

The Speaker overruled the point.

Mr Stanley appealed from this decision, and after a debate, the appeal was laid upon the table—yeas 108, nays 82.

The consideration of the bill was postponed until to-morrow.

Mr Stuart then took the floor on a privileged question, he having, on the 15th January last, moved to reconsider the vote by which was referred to the Committee on Roads and Canals, the bill making appropriations for the improvement of the navigation of the Illinois river.

In the course of his remarks he declared himself in favor of the river and harbor bill reported by the Committee on Commerce, and which, he said, it kept within constitutional limits, would pass by a decided majority. He denied that the Democratic party are now, or ever were opposed to such improvements, and as to Gen. Pierce, that gentleman while in Congress, never voted against any bill that Mr Clay did not either vote against or speak against. When he concluded the motion to reconsider was laid on the table.

The House then went into committee on the Indian Appropriation Bill. Mr Fitch supported an amendment he intends to offer, appropriating over $110,000 found due to the Creek Indians for losses sustained during the last war with Great Britain by that portion of the tribe which was friendly to and co-operated with the United States.

The Committee rose. On motion of Mr Price, 10,000 copies of the speeches and other proceedings attendant on the death of Henry Clay, were ordered to be printed. The House then adjourned.

☞ Female pedestrians are allowed to pass the Augusta toll-bridge free of charge, by a recent vote of the proprietors of the bridge. The down-easters, as the New York Evening Post says, don't believe in tolling the belles.

☞ "In the dark and troubled night that is upon us, I see no star above the horizon promising light to guide us, but the intelligent, patriotic, united Whig party of the United States." Daniel Webster.

From California.

The intelligence from California is generally satisfactory. Business moderate. The internal trade was in a prosperous condition, and likely to continue so. The supply of stock generally was limited. There was a steady demand for lumber, and mills were being erected at every eligible spot, both in California and Oregon.—Supplies from the Atlantic States were light, and quick taken up.

The news from the mines continues to be satisfactory.

An express at San Diego, from the Gilen, reports the murder of Colonel Craigh, of the boundary commission, while on his way to the Gila.

The Columbus, from Panama, arrived on the 17th. H W Dole of Grafton, N H died on the passage.

A bloody rencounter took place in the Court of Sessions, between Judge Wilson and John McKeon, a member of the bar, with his friend, Henry Caulfield. In the melee McKeon was stabbed with a sword-cane by the Judge, when Caulfield drew a revolver and fired at the Judge, but missed him, the ball hitting and wounding Mr. McDonald. A second ball took effect on the Judge, wounding him slightly. Caulfield was committed to prison, and a committee of citizens have volunteered to stand over him. McKeon is likely to recover, but McDonald, it is thought, is likely to die.

BALTIMORE, July 13th.

During the storm this morning in the North eastern suburbs of the city, the rain overflowed the banks, flooding the basement cellars, and first floors of over 300 houses of Aisquith-St., sweeping off fences and out-houses and carrying away the bridges. Two culverts were swept off, and six houses nearly finished were entirely demolished. About 200 other houses had their cellars flooded. They were all small buildings occupied by the poorer classes. Over 200 of the houses damaged were owned by Robert Boyd. The Loss to the city is over $30,000, and the damage to private property not less than $50,000.

☞ The Richmond Enquirer, to prove Gen. Scott's unfitness for the Presidency, says, "he has a hasty, arbitrary temper—an imperious self-will, impatient of all opposition—overweening confidence in his own judgment and inordinate ambition."

The Richmond Whig replies:

"This, if true even in part, is a very effectual refutation of the falsehood advanced by locofocos and insinuated by Senator Douglas, that Gen. Scott is a puppet in the hands of Seward. "Arbitrary temper and imperious self-will," are incompatible with puppetism! The two characteristics cannot subsist together. They are irreconcilable falsehoods, which, like two negatives in English, destroy one another."

A late writer speaking of sour-krout says: "It is the connecting link between damaged cabbage and pickled manure."

☞ Dr. Sargent on the famous Smith corner does up the Soda business in very fine style, and his Fountain is kept active in the dispensation of the clear, cold, sparkling beverage.

☞ The Waterville Mail speaks in high terms of the oration delivered in that town on the 5th inst., by Moses L. Appleton Esq. of this city. Mr. Appleton is a son of Waterville, and the Mail says that he was heartily welcomed to his old home, and loudly cheered and generously complimented.

☞ James K. Wilson, formerly Sheriff of Butler county, Ohio, and always a Democrat, was one of the Vice Presidents at a late Scott demonstration in Hamilton county. He declares his determination to support the Scott ticket, and says that there is a large number of Democrats in old Butler who will do the same.

☞ The City authorities are extending Stillwater Avenue, by making the same from Linn street to Broadway. This is fast getting to be one of the most important avenues leading into the city, and public necessity will soon require the extension of this avenue to Harlow street.

☞ The Barnburners or free soilers in New York, do not seem to feel quite disposed to follow the Van Burens and the Evening Post in their support of Pierce and King. They are taking measures to be represented at the National Convention at Pittsburgh, in August.

☞ Great questions of a foreign and domestic character are to come before the country in the next four years, and in Whig ascendancy alone can we hope for peace at home and a defence of our just rights abroad.

☞ At the ratification meeting at Pittsburgh, Va., Mr. Crawford said that he had always been a democrat, but like the rest of those who followed the American Commander, abroad, he would follow him at home.

☞ The blackened ruins of the store on the corner of Kenduskeag bridge and Exchange street are being removed, in order to erect on the spot a large brick edifice to contain stores' offices, and a large and commodious Hall.

☞ Mrs. Harriet Beecher Stowe, has sent two mulatto girls to Oberlin to be educated.—They are the girls who, about four years ago, were redeemed from Bruin Hill's through the agency of Henry Ward Beecher.

☞ The Panorama of History will be exhibited at Market Hall, this afternoon, for the benefit of the little folks. It will greatly please them.

☞ The adjourned anti-ratification meeting in Boston, was only a skeleton of the first consumptive affair. The thing has been run into ground, and is of no sort of consequence.

☞ The Massachusetts Mutual Insurance Company, loses $30,000 by the late fire in Boston, the heaviest loss the company has sustained for a quarter of a century.

DIED.

In Newburgh, 10th inst., Miss Sophronia M Wilson, daughter of the late Dr Benj Wilson, aged 24 years and 5 mos. [N Hampshire papers copy.

In Hampden, 3d inst, Isaac Snow, aged 31 yrs 3 mos.

At a special communication of Mystic Lodge, holden on the 13th inst., the following resolutions were unanimously adopted:

Whereas, It hath seemed good to the wise and benignant Disposer of all events, to remove from the labor and suffering of earth to the repose and enjoyment of Heaven our worthy brother, Isaac Snow, in the prime of manhood and usefulness, therefore

Resolved, That we regret and mourn his early death as a loss to the town of a valuable citizen, to society of an honorable, high-minded man,—to the church of a "sweet singer,"—to this Lodge of a worthy, efficient and esteemed member,—and to his family of an affectionate son and brother.

Resolved, That we deeply sympathize with his afflicted mother in her melancholy bereavement, and with his brothers, sister and relatives, in their unhappy separation from him who claimed and deserved so much of their affection; and that we commend them to Him in whom our departed brother put his trust.

Resolved, That a copy of these resolutions, signed by the officers of the Lodge, be presented to his mother, Mrs Sarah Snow, and also published in the Bangor papers.

CARRIAGES!

Patronise Home Manufactures.

WE are manufacturing Light Carriages of every description, which we are prepared to warrant equal to any in the market, without any exception. We have purchased the right to use a patent attachment for Four Wheeled Carriages, whereby Carriages can be made to turn in a very small compass, describing a circle of 6 feet, thereby avoiding the grating noise occasioned in turning which is desirable as the wheels do not come in contact with the body. We wish it understood that we hold ourselves responsible for the failure of our work in consequence of the use of poor timber or work.

We also manufacture Elliptic and Side Springs of a superior quality.

Jobbing in every branch promptly attended to at fair prices.

COOKING STOVE

THE best Cook Stove ever introduced to this or any other people.

Having secured the sole agency of this very desirable Stove, I take great pleasure in offering it to my customers and the public. This Stove was invented expressly for this eastern market, by those experienced and expert Stove manufacturers' Messrs. Eaton, Whipple, who know, and have appreciated the wants of this enlightened people. It is now offered to the public with the full confidence in its merits, and its superiority over every other Cooking apparatus ever introduced. Its conveniences for Boiling, Broiling, Frying, &c., are unsurpassed, and its extensive and beautiful Oven for Baking and Roasting, will at once recommend itself to the Ladies. One very important feature is, it has very strong and smooth castings and being manufactured in this city, can at all times be repaired, at every, necessity, at a trifling expense without subjecting one to wait for castings to be ordered from New York, Rhode Island, or elsewhere. Every Stove is warranted one year, and one not giving entire satisfaction may be returned and the money will be refunded after 30 days trial.

PATENTS.

American and Foreign Office,

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, WASHINGTON.

No. 22 State Street, Boston.

IN 1840, the subscriber was appointed by the Commissioner of Patents, Agent of the U.S. Patent Office, in accordance with the 10th Sec. of Act of '37.

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office, where by a Patent may be secured about six weeks earlier the continues to forward them free of expense—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents; and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of verbally explaining their inventions, and if consulting in regard to them; matters of general, of paramount importance in order to obtain correct specifications and claims! The experience of sixteen year's practice, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with adequate there, kept of inventions patented at Washington, enable the subscriber to afford inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE, Late Commissioner of Patents.

DR. FONTAINE'S BALM OF A THOUSAND FLOWERS.

For the Toilet, the Nursery, for Bathing, and many Medicinal Purposes.

HIGHLY perfumed by its own ingredients. Recommended by the faculty of almost every European city, and established under the patronage of almost every Physician in London and Paris, and thousand of individuals, who make daily use of it in New York, Philadelphia and Boston.—It is the greatest luxury a lady or gentleman could wish for, the improvement of health, for comfort and personal embellishment; and its delicate, soothing sensation, and the delightful softness it imparts to the complexion.

We give a few of the prominent properties of the

Balm of a Thousand Flowers!

already well established by actual experience.

FIRST.—This Balm remedies every defect of the Complexion, [illegible]

And establishes in its head-Health and Health, as the time when both by the changes of age, or freaks of nature, or disease, have been obscured and underminded—it cleanses the skin and draws to the surface all impurities, and every speckle of pimples and blotches, also removes tan, sunburn, sallowness and freckles, imparting to the skin its original purity, and an ensuring and freshness, rendering it clear, smooth, and white.

SECOND.—It promotes the growth and increase of the Hair, causing it to Curl in the most natural manner.

It cleanses the head from dandruff, giving tight health and [illegible] the very roots of the hair.

THIRD.—It is a superior article for Shaving being superior to all descriptions of Soaps, Creams, Pastes, &c.

As a DENTRIFICE, in cleansing the Teeth, it is by far the most beneficial of any compound yet discovered, preventing decay, relieving pain, uniting and cankers, and renders the teeth as white as alabaster. For bathing, for suffering infants and for adults to promote the strength of body, the health and strength, and to prevent eruptions, &c., there is no article more suitable than this Balm. It may be used in cold or warm, hard or soft water.

TO PHYSICIANS —AND— THE AFFLICTED!

I HAVE received this day a new supply of GOLDBERGER'S

Galvano-Electric Chains,

which are recommended by all the first Physicians in Europe, as the certain remedy for Gout, Rheumatism and Nervous Complaints, what our eminent Physicians Dr. Wm. Wesselhoft, Dr. C. F. Hoffendube, Dr. John Birbstill and Dr. John Eskell, in Boston; Dr. John Vandenburg, in New York, Dr. McManis, in Baltimore, etc., have proved by trying them. More than 1000 testimonials of above Physicians, which are confirmed by the government of Berlin, may be read in the different languages at my Agents. All persons afflicted, are respectfully invited to call at my Agents and satisfy themselves personally, of the truth of these statements.

I recommend these Chains, to all, afflicted, as there are daily new and extraordinary cures effected by them.

The genuine Galvano-Electric Rheumatism Chains of Goldberger, are to be obtained of the following Agents.

PURIFYING EXTRACT

The Greatest

BLOOD PURIFIER

IN THE WHOLE WORLD!

☞ Price $1 per Bottle, or Six Bottles for $5.

It is now put up in QUART BOTTLES, of the same power and medical efficacy as when in small bottles. Each Large bottle contains SIXTY-FOUR DOSES, and the medicine is so strongly Concentrated that only One Tablespoonful is required at a Dose—three times a day—thus one bottle lasts Twenty-One Days, which is much longer than a bottle of any other medicine lasts, because there is required of this a less quantity at a dose.

The great Superiority of this Blood Purifier over all other medicines, consists in a great measure in its possessing as a part of its compound, the powerful Medical Virtues of some Scarce and Rare

Indian Roots and Barks,

which no other medicine possesses. These are the most certain Purifiers of the Blood that were ever known to either Indian or white man, and these being compounded with the strongly concentrated Extracts of

Sarsaparilla, Yellow Dock, CHERRY AND SASSAFRAS BARKS,

make this Vegetable Extract, not only the greatest Blood Purifier, but also, a cheaper medicine by great odds than any other. It is cheaper, because the quantity of it that may be bought for One Dollar will last much longer, and will cure Ten Times more Blood-disease, than One Dollar's worth of any other medicine.

HOW TO BE HANDSOME.

I can instruct any person how to be handsome.
I teach how to make brown skin fair and clear.
I teach how to remove tan, pimples and freckles.
I teach how to change the sallow face into one of beauty.
I teach how to make the wrinkled skin smooth.
I teach how to make brown teeth as white as pearls.
I teach how to make offensive breath perfectly sweet.
I teach how to make hard brown hands soft and white.
I teach how to make diseased gums hard and sound.
I teach how to make the hair luxuriantly.
I can hasten the growth of whiskers, mustachios, &c.
I teach how to have bright and sparkling eyes.
I teach how to preserve the eyesight for life.
I teach how to restore impaired eyesight.
I teach how to change gray to the original color.
I teach how to change the color of the hair as desired.
I teach how to make the hair soft and glossy.
I teach how to make the lips and cheeks red.
I teach how to remove superfluous hair.
I know the above are all perfectly harmless.
I know they are all very cheap and pleasant.
I know every person will like them on trial.
I give directions to make and use these compounds.
I send they are better than any advertised cosmetics.
I ask ONLY ONE DOLLAR for all this information.
I receive no letters unless post paid.

Address, post paid, to M. LAVASSE, French Chemist, 104 Nassau Street, corner of Ann, New York—he will send the work by mail or otherwise.

PROOF CERTIFICATES.

REMOVAL!

WINSLOW CHASE,

No. 3 East End Kenduskeag Bridge,

Harness and Trunk Maker,

MANUFACTURER AND DEALER IN

Boots, Shoes and Moccasins

HAS removed from Main Street to the store recently occupied by Stewart & Williams, opposite John Eeie's City Market, where he is prepared to manufacture, in the best style

Harnesses and Trunks

of every variety.

He has a good stock on hand of single and double Sleigh and Team Harnesses, which will be sold at reasonable rates. Also, HORSE BLANKETS, BELLS, WHIPS, VALISES, CARPET BAGS, &c.

BOOTS.

Heavy Boots, for Lumbermen, Parlin's famous Thick Boots constantly on hand, together with an assortment of SHOES suitable for the market.—He will manufacture substantial thick Boots to order, and of the best quality.

Customers are invited to call at the new stand, and it is believed that after the twenty years' acquaintance which Mr. Chase has of the people of Bangor and their wants that he can accommodate them in good shape; both as to variety and quality of articles, and fairness of trade.

Light for the Million!

HOME MANUFACTURE OF BURNING FLUID!

IN consequence of the repeated complaints of poor Fluid sold in this market, the subscribers have been induced to engage in the manufacture of it, and are prepared to furnish in any quantity at the lowest price, and they feel confident that they can furnish a better article than has been sold in this market for the last two years, not excepting Marsh's Patent Oil, and they will guarantee that it will burn as long, give as much light, and is as safe, and will color it the same color if desired, without any extra charge, and will make any experiments with the Fluid that the venders of that article will make with that. For sale as above, at wholesale and retail, at No. 1 Kenduskeag Bridge.

Great American Remedy.

FOR COLDS, COUGHS, ASTHMA, CROUP AND CONSUMPTION.

WHY, Invalids, do you almost invariably overlook the very best remedy for your complaint, in search of something with a foreign or mysterious, or crack-jaw name? Half of them are made by quacks, or persons having not a tithe of the scientific and practical knowledge, either of medicines or of the human system, of the author of the above medicine. For dry, hard coughs, and for children with severe settled colds, or with croup it has no equal; and I challenge a trial of effects with any Indian, Egyptian, Arabian, English, French, German or any other foreign or domestic preparation, which is now offered to the public for sale, in all the cases for which it is recommended. It was used by Doct. Manly Hardy, its author, for many years with great success.—More than twenty thousand have tried it, and all commend it. Then why look further?

Prepared and sold, wholesale and retail, by

PRIVATE INSTITUTION —FOR— DISEASES of THE EYE

FOR his own convenience, and the comfort of those of his patients from abroad, also requiring either surgical operations or protracted treatment, cannot always obtain suitable accommodations, the subscriber is preparing a house in an airy and healthful part of the city, retired far from other boarding houses or other residences, only in the adaptation of its internal arrangements to affections of the eye. It will be under the care of a person in whose discretion and kindness I have confidence, and will be opened June 1st.
